

USD #374 Part-Time Student Policy

HB 2567 ~ Part-Time Enrollment

The bill requires school districts to allow for the part-time enrollment of students who are also enrolled in a private or homeschool. Each board of education of a school district must adopt a policy to allow such students to enroll and attend any courses, programs, or services offered by the school district.

If school districts receive specific scheduling request from part-time enrolled students, the bill requires the school district to make a good faith attempt to accommodate such request, but the bill would not require such school district to accommodate all requests.
